University of Guelph Undergraduate Transcripts
Calculation of Grade Point Average

May 2001

The Grade Point Average (GPA) weights the grades of each course with its credit hours to determine an overall average between 0.0 and 4.0. The following procedure can be used to determine the Grade Point Average for a University of Guelph undergraduate transcript:

1. Credit Hours
    For each course completed on the transcript, add together the lecture hour (LEC) plus on-half (0.5) of the laboratory hours (Lab) to calculate the credit hours.
2. Weighted Grade Points
    For each course on the transcript, multiply the grade point equivalent (see tables I and II below) by the credit hours (see #1 above) to calculate the weighted grade points.
3. Total Credit Hours
    Add the credit hours (see #1 above) for each course on the transcript to obtain the total credit hours.
4. Total Weighted Grade Points
    Add the weighted grade points for each course on the transcript to obtain the total weighted grade points.
5. Grade Point Average
    Divide the total weighted grade points by the total credit hours to obtain the grade point average.

Grade Point Equivalency Table I

UofG Grades Commencing with S92	Letter Grade	Grade Point Equivalent
85-100%	A+,A	4.0
80-84	A-	3.7
77-79	B+	3.3
73-76	B	3.0
70-72	B-	2.7
67-69	C+	2.3
63-66	C	2.0
60-62	C-	1.7
57-59	D+	1.3
53-56	D	1.0
50-52	D-	0.7
00-49	F	0.0

Grade Point Equivalency Table II

Uof G Grade from S72 to W92	Letter Grade	UofG Grades Prior to S72	Letter Grade	Grade Point Equivalent
80-100%	A	75-100%	A	4.0
70-79	B	66-74	B	3.0
60-69	C	60-65	C	2.0
50-59	D	50-59	C	1.0
00-49	F	00-49	F	0.0
